2000

<b>Blast</b>	If the unit's attack hits the target, the target suffers a number of hits equal to the number in brackets, rather than a single hit.
<b>Blessing of the Gods</b>	The unit has the Elite special rule.
<b>Blizzard</b>	36" Range, Blast (D6). Indirect.
<b>Bound Soul</b>	Each point of damage dealt by Dravak's Fireball attack heals one point of damage previously dealt to Infernok.
<b>Brew of Sharpness</b>	The unit has +1 to hit in melee.
<b>Crushing Strength</b>	All melee hits inflicted by the unit have a +(n) modifier when rolling to damage.
<b>Crystal Pendant of Retribution</b>	When the unit is Routed, all units in base contact with it suffer 2D6 hits at Piercing (3). These hits are resolved by the player that Routed the unit with the Crystal, which now has to (grudgingly, we're sure) resolve the hits against their own unit(s). After the damage has been resolved, no Nerve test is taken by the damaged units – they proceed to Regroup, but cannot move directly forward D6" for their Regroup action, deterred by the huge explosion.
<b>Elite</b>	Whenever the unit rolls to hit, it can re-roll all dice that score a natural, unmodified 1.
<b>Fireball</b>	Spell. Range 12". When targeting enemy units in cover or with the Stealthy special rule, these attacks hit on a 5+ instead of 4+.
<b>Fly</b>	The unit can move over anything (blocking terrain, enemy units, friendly units when charging, etc.), but still cannot land on top of them. The unit does not suffer hindered charges for moving over difficult terrain or obstacles, unless it ends the move within or touching them. The unit also has the Nimble special rule. While Disordered, units lose the Fly special rule including the Nimble that it grants. If the unit has Nimble for a different reason (ie: Individual) then they will remain Nimble while Disordered.
<b>Heal</b>	Spell. Range 12". Friendly unit only, including units engaged in combat. Hits don't inflict damage. Instead, for every hit 'inflicted', the friendly unit removes a point of damage that it has previously suffered.
<b>Heal - War Engines Golems Immortal Guard only</b>	Heal (works only on War Engines, Golems and Immortal Guard) Spell. Range 12". Friendly unit only, including units engaged in combat. Hits don't inflict damage. Instead, for every hit 'inflicted', the friendly unit removes a point of damage that it has previously suffered.
<b>Indirect Fire</b>	The unit fires in high arcs, hitting the target from the top, which means it does not suffer the -1 to hit modifier for cover. On the other hand, the unit cannot shoot targets that are within 12". Note that the firing unit does still need to see its target to fire at it.
<b>Individual</b>	Line of Sight Before being given an order, an individual may pivot to face any direction for free. Individuals never block line of sight or offer cover against ranged attacks. Move Individuals have the Nimble special rule.

Shooting Individuals may pivot to face any direction for free before picking a target in the shooting phase. Enemies shooting against Individuals suffer an additional -1 to hit modifier. Melee When charging an individual, a unit must make contact with the face that they started in as normal, however the Individual will turn to align flush with the unit's facing, rather than the unit aligning to the individual's facing. Enemies never double/treble their Attacks when fighting the individual. Similarly, the individual does not double/treble its own attacks when attacking an enemy in the flank/rear. It does still treble its attacks against war engines, however. If an individual is routed and the charger (including another individual) decides to advance D6" directly forward, it can make contact with another enemy unit. In melee, enemies treble their attacks when attacking War Engines with the Individual special rule.

**Inspiring** If this unit, or any friendly non-allied unit within 6" of this unit, is Routed, the opponent must re-roll that Nerve test. The second result stands.

**Kevinar's Flying Hammer** The unit has a ranged attack for which you roll a single die, regardless of the Attacks value of the unit. This attack has a range of 12" and always hits on 4+, regardless of modifiers, and if a hit is scored, it is resolved at Piercing (2).

**Lute of Insatiable Darkness** This artefact can only be used by Heroes. The Hero has the Bane-Chant (2) spell.

**Mutated Throwing Mastiff** Mutated Throwing Mastiffs are the same as Dwarven Throwing Mastiffs, except they re-roll failed rolls to damage against all enemies. Mark a unit that has been equipped with throwing mastiffs with one or more such model. The unit has a ranged attack with a range of 12" that can be used only once per game (remove the mastiff markers once the weapon is used up).  
When you release the hounds, roll 5 dice to hit, regardless of the firer's Attacks. Dogs always hit on 4+ regardless of modifiers. Then, for each point of damage caused, roll to hit and to damage again, as the surviving dogs savage the unfortunate opponents. Repeat this process again and again until you fail to score any damage, at which point even the toughest of the dogs have been put down or have run off to bury some of the enemies' limbs.  
Against units with the Shambling special rule, you can re-roll any dice that fail to damage... the mastiffs are that keen.

**Piercing** All ranged hits inflicted by the unit have a +(n) modifier when rolling to damage.

**Regeneration (3+)** Every time this unit receives an order (including Halt!), before doing anything else, roll a number of dice equal to the amount of damage currently on the unit. For every result of 3+, the unit recovers a point of damage.

**Reload!** The unit can fire only if it received a Halt order that turn.

**Shambling** The unit cannot be ordered 'At the Double', except when carrying out a Vanguard move.

**Surge** Spell. Range: 12". Friendly unit with the Shambling special rule only. Hits don't inflict

damage. Instead, for every hit 'inflicted', the Shambling friendly unit moves straight forward a full inch (stopping just out of contact from friendly units and blocking terrain). If this movement brings it into contact with an enemy unit, treat this as a successful charge against the enemy facing that has been contacted. However, the charged unit will not take any Nerve tests for any damage it might have taken previously in that Shoot phase. If the Surge move took the unit over an obstacle or through difficult terrain then it will be hindered in the ensuing combat as normal. This movement may take the unit to within 1" of the enemy. However if it is not in melee at the end of the shoot phase, move it directly away from any enemy units to create a 1" gap (if possible). This spell has no effect on units with a speed of 0.

**Vicious** Whenever the unit rolls to damage, it can reroll all dice that score a natural, unmodified 1.
